UTILITY AUGERS

Grain Saver® Utility Augers are designed for a quick, easy set-up. All utility augers come standard with galvanized tube. The superstrong mount is made with 16 Ga. fully welded steel. The motor rails are fully adjustable to fit any motor. All 3 sizes have 3/4" shaft size.

• Available in 4", 5", and 6"

- Powder coated motor mount
- Poly belt guard
- ABS discharge spout
- Easy assembly process
- Steel spider-web safety cage
- 14 Ga. galvanized steel tube

All utility auger models are extension ready and can be connected with ease. Extensions are complete with a galvanized connecting sleeve.

* SEE OTHER SIDE OF SHEET FOR A COMPLETE LIST OF AUGERS AND EXTENSIONS.

GRAIN SAVER® AUGERS can be customized to fit any installation type. See our full line of accessories to customize your setup.
